FRONTIER AIRLINES ADDING NONSTOP LOW-FARE FLIGHTS TO ORLANDO

KNOXVILLE, Tenn.— Starting March 15, 2012, Frontier Airlines will be increasing their presence at McGhee Tyson Airport by offering new nonstop low fare flights three times a week to Orlando, FL.

“The decision by Frontier Airlines to begin low-fare, nonstop service to Orlando International Airport highlights the airline’s commitment to our community,” said Howard Vogel, Chairman of the Metropolitan Knoxville Airport Authority’s Board of Commissioners. “Frontier brought East Tennessee travelers new low fare options last June when they began nonstop service to Denver with connections throughout the West. Frontier now continues that trend by announcing service to McGhee Tyson Airport’s number one destination - Orlando. The outstanding service offered by Frontier coupled with the demand for affordable fares to key destinations is the formula for Frontier’s future success and growth in our market.”

The new flights will be provided using the Airbus 319 aircraft that seats 138 passengers and features available STRETCH seating with an additional 5 to 7 inches of legroom on every flight along with 24 channels of DirecTV at every seat.
